

IATSE Local 122 Referral Hall
Pop Up Call List

On occasion, Employers will have same day requests for a qualified technician. During such occasions, referents on the “Pop-Up Call” list shall be called first. To qualify, you must be “on call” and have reliable transportation that allows you to report to a Pop-Up call within 30-45 minutes of dispatch. Any “Pop Up” referent that declines more than three Pop-Up calls within a six-month period shall be removed from the Pop-Up Call list and must re-apply. Removal from list is not punitive. We recommend that you carry a set of AV Blacks (black polo, black pants and black shoes) in your vehicle.

If you would like to be on the Pop-Up list, please complete the following information and return to the Local 122 Office:

Date: _____

Name: _____

Cell Phone Number: _____

Area of San Diego that you live: _____
